

## Kalkitech Press Release

### Kalkitech cosponsors NPSC 2010

**Bangalore, India, November 20, 2010**

Kalkitech cosponsors the 16<sup>th</sup> National Power System Conference (NPSC 2010) on “**Innovation for Smart Grids**”. This biennial event is scheduled to happen from December 15-17, 2010 in Hyderabad and is conducted by the Department of Electrical Engineering, University College of Engineering, Osmania University.

NPSC 2010 will see a tutorial on “Smart Grids and Wide Area Monitoring & Control” on December 15, 2010. The conference will be held on 16<sup>th</sup> & 17<sup>th</sup> December and will cover varied topics on the subject, including:

- Demand side management
- Wide Area Monitoring & Control
- Electricity markets
- Power systems protection
- Power systems communications
- Integrating distributed generation into the grid
- Energy Efficiency

NPSC 2010 provides a national level platform for researchers and power system engineers from industry and utility to exchange knowledge and experiences on the latest developments. Please visit the following link for more details: <http://npssc2010.uceou.edu/>

### About Kalkitech

**KALKI Communication Technologies Limited** (Kalkitech) was founded in 1998, with the vision of becoming the leading provider of standard-based Control, Communication and Computing solutions to OEMs, System Integrators and End-Users in the energy industry. Kalkitech solutions are successfully deployed in over 25 countries in 4 continents, across the full spectrum of the energy value chain. Kalkitech has also been empanelled as a SCADA/DMS consultant under the R-APDRP scheme of Government of India. Continuous innovation through research and development is at the core of Kalkitech's corporate philosophy aimed at creating a Whole New World of Intelligent Energy Systems.
